

CATS, Cougar Athletic Team Supporters, is a booster club that was created years ago to support all athletics at Craig High School. Funds raised from membership fees, business support and concessions are used for new training equipment, travel expenses, scholarships, and sports banquets, which are not covered through the athletic budget. Our purpose is to support and promote Janesville Craig High School Athletics for both young men and women athletes. We fund any sport with a need. We strive to maintain high standards for our athletic programs and participants through moral support, financial support, and physical support.

With the ever shrinking funding by the school district, it has become more important than ever for CATS to be there to help offset the costs of running Craig athletics. CATS is run independently by a group of individuals whose main focus is to provide competitive playing and training conditions for our student athletes.

Please feel free to contact the CATS Board at craigcatsbooster@gmail.com with any questions you may have. Craig High School athletics make a huge impact in the development of future community and business leaders. Please help us with your donation to help all of our student athletes.

Thank You,

CATS Board
